VOLUME 85

FRIDAY JUNE 26th 1942

NUMBER 9

July 1st. Celebration Ready To Go

WELCOME HOME PARTY

Are you ready for Dominion Day. The Committee have all the details arranged now, the Town has attended to the preparation of the track and arena and the repairing of the chutes and corals, and everything is in readiness for Raymond's big annual day. Are you ready, and what are your plans?

We hope that you will be as loyal to Raymond and her Stampede and Race Meet as you are to Canada and her war needs. It is quite a task to stage a celebration the calibre of our annual show, and it is made easier by the willing and ready help of the citizens of Raymond and district. Individually, we and if everyone co-operates, the are not asked for a great deal, job is light for all. However, if 50 p.c. take the attitude that it is none of their affair, then the other 50 p.c. have to work twice as hard and it really becomes a herculean task for the few. Let's co-operate to the full and in doing so we will not only make for a much better show but we will do it with less, in than we have ever had before, divisional effort on the part of anyone.

Bishop J. O. Hicken is arranging the morning program, Pres. J. W. Evans of the Board of Trade has the parade in charge and L. D. King is General Chairman of the Stampede assisted by 50 or 60 others to put it over. If you want to know any thing about any part of the show, ask any of these three or any of the Committee named on the program. Last year we had between five and six thousand people at the show the first day and with the additional prizes this year, especially the \$200 purse for the Business Men's Derby we should "pack 'em in again" this year. You can help by staying here and supporting the show and inviting your friends to spend the day with you. Will U?

JOIN THE PARADE

A Victory Parade is being organized for Dominion Day, and the Committee asks that every one get in this feature of our Dominion Day celebration. There are a thousand ideas that can be worked out to really add to the spirit of the day and the parade.

If the parade follows the usual high standards it will be one of the best in the province, and will be talked about for months after. Usually Broadway is traversed from the Town Hall corner to the tracks and back again giving the many people who gather for this event an opportunity of seeing it all. Get busy now and be ready for the big event at 9:30 a.m. sharp on Wednesday morning July 1st.

A welcome home party was held in the 2nd Ward Hall Wednesday evening in honor of Elder Eldon Garner who has just returned from a two years mission in the Central States Mission. A good crowd was present to join in the evening's entertainment, and Ralph Meldrum of the Missionary Committee was Master of Ceremonies and announced the following program:

Community singing, followed by prayer by Elder Bruce Heggie.

Vocal Solo by Mrs. Laura Watson.

Welcome Home speech by Bishop L. L. Palmer.

Two comic readings by Mrs. John L. Allen.

Talk by Elder Garner.

Dancing was then enjoyed for a couple of hours, and Miss Ruth Evans offered the closing prayer.

CROP CONDITIONS

This is being written Tuesday morning, so the picture may have altered considerably by the time it is printed. Rain all day Friday soaked things up again in fine shape and held up any field work until Tuesday of this week. Grain crops are growing slowly, but look good, and hay fields and pasture lands are O. K. Gardens are coming on very well, but some have rotted in low places and have had to be replanted. Weeds have really had a spring this year, and hood crops present quite a problem.

Beets have not done so well. Thinning has been held up until weeds are knee high in some of the fields and requires a lot of work to get them out. Root rot has been reported in some fields due to the continued wet weather, and thinning is really pushed whenever the land is sufficiently dry. Ten days of dry weather would see all the beets cleaned out and on their way to a good crop.

Little hay was mown when the last storm came and received a good soaking, but will be up by now if it don't rain. It seems that when K. D. Johnson advised people to get their crops in by May 1st that a hundred days of rain would follow, he really hit it. If you count every shower we have had there have been sixty or more days in which rain has fallen, so it seems there are quite a lot of wet days still coming. No one is complaining, but getting the work done in such a season does present a problem.

Rain Friday stopped all field and garden work at noon. Three days' work for farmers' this week.

Masons are busy now with the walls of Wm. Wilde's new home, which is being built of cinder brick, made by M. P. Strong at his plant in Lethbridge.

The Town foreman and his crew were busy last week cleaning out the big storage tank at the Romeril dam and "Lem" says the water should show a decided improvement now. After the first of the month the filter is to be cleaned and new gravel put in it, and this should make a further improvement to the taste of the water.

General Summary Of Tax Increases

Ottawa June 24—Following is an unofficial summary of tax changes and new taxes in the budget.

TAXES ON COMMODITIES AND SERVICES

Spirits—Present \$7 increased to \$9 a gallon; Canadian brandy rate increased from \$6 to \$7 a gallon.

Wines—Increased from 40 to 50 cents a gallon, sparkling wines from \$2 to \$2.50 a gal.

Malt—Increased from 12 to 1 cents a pound. Corresponding increases in malt syrup, imported beer, and beer brewed from substances other than malt.

Cigarettes—Increased by one cent for each five cigarettes or fraction thereof, giving an effective increase from \$6 to 8 a thousand.

Manufactured tobacco—Increased by one cent an ounce or fraction thereof, giving an effective increase from 35 to 51 cents a pound.

Canadian raw leaf tobacco—Increased from 10 to 20 cents a pound.

Cigars—Graduated rates to be increased by 25 per cent.

Cigarette Papers—Increased from five cents to six cents a hundred.

Cigarette Tubes—Increased from 10 to 12 cents a hundred. Soft Drinks—One cent a bottle added to present tax.

Carbonic Acid Gas—Increased from 25 to 50 cents a pound.

Playing Cards—Increased from 15 to 20 cents a pack.

Transportation Tax—Increased from 10 to 15 per cent with exempt fares raised from 50 to 75 cents.

Pullman Berths—Increased from 10 to 15 per cent and seats from 10 to 15 cents.

Long Distance Telephone Calls—Increased from 10 to 15 per cent with a new tax of 25 cents a month on telephone extensions in domestic establishments.

Telegraphs and Cables—Increased from 5 to 7 cents a message.

Furs—Increased from 12 to 25 per cent.

Candy and Chewing Gum—30 per cent.

Photographic Supplies—Firms

and plates; projectors and slides for films or pictures; except those designed for industrial or professional use—25 per cent.

NEW TAXES AT RETAIL LEVEL AT 25 P.C.

Jewelry, whether real or imitation, including diamonds and other precious or semi-precious stones for personal use or for adornment of the person; goldsmiths' and silversmiths' products including all gold, silver, chromium or other plated ware and pewter ware. Items selling for less than 50 cents exempt.

Articles of all kinds made in whole or in part of ivory, jet, amber, coral, mother of pearl, natural shells, tortoise shell, jade, onyx, lapis lazuli, or other semi-precious stones. (Items selling for \$1 or less exempt.)

Articles of cut glassware, crystal glassware, cut or not, etched glassware, metal decorated glass, jade or marble. (Items selling for 50 cents or less exempt.)

Articles of china, porcelain, earthenware, stoneware, or other pottery ware, except articles for use in the preparation or serving of food or drink. (Items selling for 50 cents or less exempt.)

Ash trays, tobacco pipes, cigar and cigarette holders, cigarette rolling devices and other smokers' accessories, not to include lighters, matches or tobacco. (Items selling for \$1 or less exempt.)

Fountain pens, propelling pencils, desk sets and all other desk accessories. (Items selling for \$1 or less exempt.)

Clock and watches adapted to household or personal use. (Items selling for \$1 or less exempt.)

Dancehalls, night clubs, cabarets—A new tax of 20 per cent on all charges paid in such places of entertainment where any two of the following features are combined: Live entertainers, sale of alcoholic beverages, entertainment by paid performers.

Insurance Premiums—A new tax of two per cent to replace premium taxes given up by provincial governments.

Reduction Of Sugar Can Be Painless

Sugar rationing won't hurt anyone. According to nutritionists, sugar does nothing more than supply quick energy and create an appetite for more sugar.

Here are "painless" ways to cut down on sugar:

Gradually reduce the amounts in tea, coffee and cereals.

Make icings thinner or eliminate them entirely.

Serve fruits in season in their natural state instead of cakes, pies and puddings.

When stewing fruit, add sugar towards the end of the cooking period when it takes less to sweeten. A pinch of salt added will bring out the flavor. Avoid using soda as this destroys vitamins.

Substitute honey, corn syrup, maple products or molasses when available. Remember if you have to buy these substitutes that they cost more than sugar. Save this money to serve more of the protective foods—fruits, vegetables, milk, eggs,

cheese, meat, butter and fruit made from Canada Approved flour. When the family becomes accustomed to the natural food flavor they will in all likelihood prefer it.

If dried fruits are used in muffins or cookies the amount of sugar called for in the recipe may be cut down.

Are you ready for Dominion Day. The Victory Parade and Stampede should make a celebration day long to be remembered by everyone. Do your part to boost.

NOTICE

The local Red Cross rooms will be closed during the month of July, but will be open next Tuesday, June 30th, so that any work finished may be turned in and wool taken out to be worked on during the closing of the local Red Cross rooms.

Torbuk Has Fallen Into Nazi Hands

When this admission by the British authorities was made over the week-end the people of the United Nations were stunned and speechless. This desert fort which had withstood an eight months siege about a year ago and came off victorious and had since been made even stronger, to fall into the enemy's hands in so short a time, left a big question in the minds of all Britishers.

While not a knockout blow, it is a very serious loss. Tobruk, sitting as it does on the coast, provided a base for convoys, put

It would be a great world if, when we have nothing to say, we would just keep quiet.

Prize List for Victory Parade

FLOAT or ASSEMBLY:
5 prizes, \$15, 10, 5, 2 and 1

DECORATED BICYCLES:
Geo. Brewster special prize of \$10. First \$2.00, other \$8 to be divided by the judges

Decorated Wagons, Carts, Etc.
Prizes \$2 and 1

UNCLASSIFIED ENTRIES:
\$10 to be divided as judges see fit

NICHOLAS SCHOESTER

Nicholas Schoester is a native of Holland. Once he thought of settling in Java, but the heat drove him back to Holland. He took ship for Canada then—that was in 1917—and the ship took so long to sight land he thought he was on his way to Java again. Finally he came up the St. Lawrence to Montreal, stayed a while, saw Canada on a harvest excursion and crossed the United States as a visiting artist. From Halifax, where he has made his home for some time, he conducts his own musical programmes on Saturdays at 6:30 p.m. CDT (5:30 p.m. MDT) for National Network listeners. They are heard over Station CBK, Watrous (540 Kcs.) each week. He is active in curling golfing and tennis circles, will never pass up a swim in the North-West Arm winter or summer, and is a member of the Polar Club—no wonder!

S. I. MAY Editor

YOU NAME IT

Last week the president of the 2nd Ward Relief Society told us that despite all the efforts made to protect their lovely tree planted on the Church lawn, some one had deliberately broken it off about a foot above the ground. Who and why?

This could not have been an accident because of the protection afforded the tree by the and we have an unusual amount of it in or town. Could parents make a special appeal to child-encirclements of slats around it, which by the way were undisturbed. Someone purposely reached inside this protection and snap

at the tree. One wonders just what the reason is for such vandalism and why it happens. Is it a lack of teaching in the home? Is it just a spirit of wanton destruction that possesses some people or what is it? These trees were planted thru out the entire Church as Centennial observance marking 100 years of Relief Society activity and it is really too bad that much in its growth because of the devilishness of some individual. Why can't this be stopped, then to show more respect for the rights of others and encourage instead of discouraging those who have a desire to improve and build up beautiful homes and surroundings. Such cases as the above are hardly cases for the law, and yet, one is certainly exasperated and left high and dry for a reason for such doings by anyone in the right mind. Possibly a campaign between parents and some of the organization in the Town might lead to a better appreciation by our youth of the things in life that add that touch that makes life better and sweeter.

Buy War Savings Certificates.

TRUCK OWNERS TAKE NOTE

Truck owners and drivers are advised by Transit Officer Mr. Wilson of the Wartime Prices and Trade Board Regional Office at Edmonton that they must not haul light loads unless these are definitely required. That they must use every effort to arrange return loads, and avoid all unnecessary haulage, in the interest of the war.

Where a truck is being used as a freight vehicle, the owner may carry members of his family without obtaining a permit.

In all other cases he must not carry passengers without obtaining a permit from the Transit Officer. A permit will be granted to allow a truck owner to transport members of his family or employees upon essential business, where no other means of transportation are available. A permit may also be granted to provide for carrying persons from a point on a train or bus or boat route, to their ultimate destination, where no other passenger vehicles are available. Under no circumstances will permits be granted to carry passengers on trucks to picnics, festivals, dances or other pleasure entertainments.

GASOLINE RATIONING

The Canadian people are ready for leadership in the matter of gasoline conservation but it must be real leadership. Take all pleasure cars off the road. Allow trucks and cars to do only essential work, not unnecessary work that could be done by existing transportation facilities. The government need have no fear of the reaction of the people.

All that is required is firm leadership and the placing before the public of the necessity of these restrictive measures.

So long however as our government plays with the matter of gasoline control, so long will the public continue to play.

Give us real leadership and no fooling.—Innisfail Province.

"After all, I'm sure there's no place like home."

"Why, has something happened at the club, dear?"

WARNING!

If it is not already on its way to
Rationing Headquarters you should

MAIL YOUR APPLICATION CARD FOR COUPON RATIONING AT ONCE!

After July 1st no one will be able to purchase sugar for regular domestic use without turning in a ration coupon.

Application cards for coupon rationing for sugar have now been mailed to every household in Canada. But, in an undertaking so vast, some homes may have been missed, or some cards may have gone astray. So, no matter where you live, whether it is in areas served by letter carrier or not, if your application card is not already on its way to Rationing Headquarters, you should wait no longer.

After filling in the card, according to the instructions on the pamphlet which was delivered with it, just drop the card in the nearest mail box or post office. It needs no forwarding address.

IF YOU HAVE NOT RECEIVED AN APPLICATION CARD you should get one at the nearest Post Office at once.

PRINT IN BLOCK LETTERS

10. THE WARTIME PRICES AND TRADE BOARD

11. DECLARATION

IN SUPPORT OF NATION BOOK APPLICATION, I, THE UNDERSIGNED, SOLEMNLY DECLARE THAT I AND THE FOREGOING MEMBERS OF THE SAME FAMILY LIVE AT THE ABOVE ADDRESS, BEING ACCURATELY DESCRIBED HEREIN, AND THAT NO OTHER APPLICATION HAS BEEN MADE ON BEHALF OF ANYONE MENTIONED HEREIN

12. RB-1

Just drop the card
in the nearest mail
box or post office. It
needs no forward-
ing address.

All Post Offices have received full instructions to rush application cards for coupon rationing to the nearest Wartime Prices and Trade Board Office, where they will get immediate attention and the coupon ration cards mailed right back to you.

The ration cards being issued for use July 1st are for sugar only, and good for 10 weeks. At the end of that period a coupon ration book good for 6 months will be issued. Under the new system of coupon rationing, you are allowed the same

amount of sugar as at present—1½ lb. per person per week. The same provision as at present for additional quantities for preserving and jam and jelly making will be continued. Special voucher forms for this purpose are being supplied all retailers.

FOOLING VEGETABLE
SEEDS ABOUT THE
WEATHER

Planting seed of vegetables such as peas, spinach, lettuce, etc., at weekly or fortnightly intervals is generally recognized as a satisfactory method for providing a continuous supply of green vegetables for home use during the summer months. However, poor stands of plants due to faulty germination are obtained quite frequently, especially when the seed is sown during hot weather. This is true of good and viable seed as well as that of inferior quality seed. Invariably it is found that much of the seed rots without sprouting. This rotting during hot weather has seriously interfered with the periodic seeding experiments at this station in some seasons. As a result, it was decided to try to discover some method whereby this difficulty could be avoided. At first the attempt to improve the germination of summer sown seed were

rewarded with only moderate success. Soaking the seed for 24 hours prior to seeding and irrigating immediately after it had been planted gave a 65 per cent stand of plants. Similar results were obtained when the seed was planted dry, then irrigated and finally covered with a mulch of grass clippings or rotted barnyard manure.

While these results were encouraging it was felt that they could be improved still further. However, it was concluded from these results that it is necessary to control temperature as well as moisture conditions, so as to encourage more efficient seed germination.

It is well known that in early spring, particularly during cool weather, seed in general germinates rapidly and vigorously. With this fact in mind, it is thought that seed intended for hot weather planting should be subjected first to cool conditions prior to seeding. Accordingly on several occasions a quantity of seed was soaked in water for 24 hours and then placed on ice for a period of 6 days. At the end of this period, the seed had just begun to sprout. It was then planted and immediately irrigated. The results of this practice were outstanding. In most cases 95 per cent of the planted seed germinated freely and vigorously.

Ice, which may be used for sprouting seed for hot weather plantings, may not be available on all farms. However, any cool cellar should give fairly satisfactory results providing the seed is kept moist and is not permitted to become mouldy.

NEWS NOTES

Gordon Brewerton of Cardston was a Raymond visitor Thursday forenoon.

Examinations for Grades 9 and 12 are in progress now, having started Tuesday. Grades Seven, Eight, Ten and Eleven were dismissed Monday night.

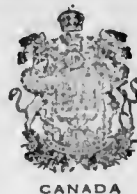

The boys of the 2nd Ward 70's group were thinned on Tuesday after many delays. It was done as a joint project between the 70's and the Teacher's quorum for the welfare project of these two groups.

Consider the hammer. A good one doesn't lose its head and fly off the handle. It finds the point and drives it home. It looks on the other side and clinches the matter. Occasionally it makes a mistake, but rectifies it. It keeps pounding away until the job is done. It is the only knocker in the world that does constructive work.

"I just married Alice last night."

"Fifty-fifty basis?"

"Yes, half rum, half maple syrup."

NATIONAL SELECTIVE SERVICE

CONTROL OF EMPLOYMENT

★ NO EMPLOYER HEREAFTER SHALL HIRE ANY PERSON, MALE OR FEMALE, WITHOUT THE APPROVAL OF A SELECTIVE SERVICE OFFICER IN AN EMPLOYMENT OFFICE OF THE UNEMPLOYMENT INSURANCE COMMISSION ★

Whenever a vacancy occurs, or additional staff is required, or a lay-off of staff is anticipated, the employer shall notify the local Employment Office. He may engage only persons referred to him by, or approved by, the local Employment Office.

A local Selective Service Officer may revoke at any time, on not less than ten days notice, any approval granted by him.

Appeal from a Selective Service Officer's decision may be made in writing within ten days to the Divisional Registrar of the National War Services Board, and the decision of the Board shall be final.

EXCEPTIONS

This order does not include employment: (1) In agriculture, fishing, hunting or trapping; (2) Subject to the Essential Work (Scientific and Technical Personnel) Regulations, 1942; (3) In domestic service in a private home; (4) Of students after school hours or during holidays (but does include employment during Summer Vacations); (5) In part-time work which is not the principal means of livelihood; (6) Casual or irregular employment for not more than three days in any calendar week for the same employer; (7) Under the Government of any Province.

This order does not affect Re-employment: (1) Within not more than 14 consecutive days after the last day a person worked for the same employer; (2) After sickness or disability which caused the suspension of the employment; (3) On resumption of work after a stoppage caused by an industrial dispute; (4) In accordance with a collective labour agreement which provides for preference according to length of service or seniority; (5) On compulsory re-instatement after Military Service.

Until further notice from the Director of National Selective Service or a local National Selective Service Officer, any employer may temporarily engage any employee, if he submits within three days to a local office an application in duplicate for the approval of such engagement. Such application shall state the insurance book number, or the insurance registration number, (U.I.C. Form 413), name, address, age, sex, occupation of such employee, the name of his or her most recent employer, and the date he or she left employment with such employer.

Penalties for infringements of this order provide for a fine up to \$500.00, or imprisonment up to 12 months, or both fine and imprisonment.

★ This order supersedes previous National Selective Service Orders respecting restricted and unrestricted occupations. ★

ELLIOTT M. LITTLE,
Director National Selective Service

MAY REVOLUTIONIZE CANADIAN FARMING (By A. C. Cummings)

A mission to Canada to be undertaken shortly by a Scots professor of rural economy may have the most far-reaching consequences for the Dominion's agricultural industry after the war.

The professor is Dr. J. A. Scott Watson, son of a Scots tenant farmer, who has just been appointed agricultural adviser to the high commissioner for the United Kingdom in Canada. Mr. Malcolm MacDonald, the first appointment of the kind ever made. His mission, as he told me in an interview, is to do what he can in North America to bring producers together so that no longer shall there be a food shortage and malnutrition in some countries while good food the farmer pro-

CUT B.C., QUEBEC, ONTARIO GAS CARDS TO FOUR GALLONS

Ottawa, June 17. Munitions Minister Howe announced today in the House of Commons that the value of the gasoline ration unit will be reduced from five to four gallons in Quebec, Ontario and British Columbia, effective at midnight last night.

The ration unit in the maritime provinces remains at five gallons for the time being but Mr. Howe said "we hope to be in a position to raise the unit to three gallons in the maritimes as of midnight, June 30."

There is no change in the unit value in the prairie provinces of Manitoba, Saskatchewan and Alberta. It remains at five gallons there "for the present."

The minister also announced the setting-up of a new and lower gasoline ration category, to be known as category "A-A". This category is to cover owners of more than one car in the present "A" category, and drivers who use their cars "entirely for pleasure purposes."

"It is obvious that these motorists should not receive as much gasoline as those who use their cars mainly in the earning of their livelihood," Mr. Howe said.

stration because while there is that poverty and malnutrition we are told the food we can produce is not wanted.

"We can achieve what the Atlantic Charter calls for, but if we are to do so we must get world producers together and remove present divergencies and misunderstandings."

NEXT WEEK IS ARMY WEEK

The Boys in the Service are doing their part . . . LET US CO-OPERATE

NEXT WEDNESDAY IS RAYMOND DAY

Public support has put over the Stampede in the past. It will be the same this year if everyone boosts for it.

BREWERTON'S

NEWS NOTES

Wm. Redd was in the U.I.D. on Wednesday on Red Label Feeder business.

Mr. and Mrs. Milton Strong of Lethbridge were Raymond visitors Tuesday evening for a while.

Ralph Bros. teams were busy Thursday spreading gravel on the streets from the pile back of the B. A. Service Station. This gravel and rock pile is being moved to allow construction of the new Cheese Factory. A large portion of the gravel was frescoed back on to the vacant lot across the alley.

Mr. and Mrs. J. H. Ford of Ogden, Utah are visiting here with relatives and friends and expect to remain until after July 1st. They are both looking fine and Jack is much improved in health. Needless to say both are glad to renew acquaintances again in Raymond.

Elders Earl Harker and Chas. Ackroyd of Magrath were the speakers at the 2nd Ward last Sunday night, speaking on Prayer and the personality and Mission of Christ respectively. A Special number by the Choir and a violin trio by Bobby Holmes, Jimmy Hudson and Dietrich Gihnder with Mrs. C.A. Hudson at the piano rounded out a very enjoyable program.

AGRICULTURE MARCHES WITH OUR ARMED FORCES

Behind the lines where men and women are risking life to defend home and country, other men and women are toiling to supply the materials of war—ships, planes, tanks, guns. These manufacturers—management and workers alike—are thus fighting shoulder to shoulder with our armed forces.

But what about the farmers? They are doing a work of equal importance. They too are marching to battle, by toiling early and late to persuade nature to increase food and other essential supplies on which the issues of the fight so greatly depend. The farmer marches side by side with the soldier and his armourer.

Farmers who are doing their bit to help Canada's all-out war effort may find it necessary to borrow money at the Bank. You should not hesitate to discuss your requirements with our nearest branch manager. Your business will be regarded as strictly confidential.

BANK OF MONTREAL

"A BANK WHERE SMALL ACCOUNTS ARE WELCOME"

Modern, Experienced Banking Service the Outcome of 124 Years' Successful Operation

Raymond Branch: R. WELLS, Manager

CANADIAN PACIFIC AIR LINES are making a notable contribution to Canada's war effort in the elementary training and engine overhaul fields. The young ladies shown above are working long and hard in the production end of the flying game and their trained efforts are of real importance in the task of blowing Hitler and Hirohito off the map.

In shops located at strategic points throughout the Dominion, girls, who were once stenographers, sales girls and students, are now busily engaged under the Canadian Pacific Air Lines banner. Picture on the left shows Miss Ina Lane putting all the energy of her twenty years into doing her bit

to save her brother, Trooper Wesley Lane, who is overseas with the Fort Garry Horse. With her is Miss Muriel Carr, also twenty, and both of them are sanding the wing structure of a trainer plane. The upper right hand picture shows Miss Muriel Stevenson, who confesses that she would rather assemble instrument panels as a contribution to the cause than sell dry goods in a department store. Her heart is in the work and the panels go together with a will. The lower right picture shows Miss Florence Nossal in a Canadian Pacific Air Lines operated engine overhaul plant. She is testing valve springs tension, a far-cry from her old job of clerk in a country creamery.

All the girls in this industry have one motto and it is to keep the training planes flying. This is the kind of spirit that Hitler cannot match and is one of the factors which will eventually soundly defeat him.
